BRIEF ABSTRACT OF LETTER

Submits a final draft notification constituting the town of Hole-narsipur into a permanent & municipality under the New Municipal Regulation

NOTES AND ORDERS

The proclamation has been duly published the Dasapore Gazette and the printed copies posted up in conspicuous places in the local area

The only objection is from the inhabitants of Suranhalli, a village situated within a mile

the town In their petition they state that the village is a mile distant from the town and separated from it by the south channel of the Sriramadevar dam and the village lands, and that there is no possibility of the town being extended towards the village as the intervening lands are all paddy flats, and that there are no persons residing in the village who deal in dutiable articles

The Panchayat Board of Hole-Narsipur and the Genl Asst Commr who enquired into the matter and inspected the village, strongly recommend that the village should be included within the municipal limits. But one of the Amildars was against the proposal as the village was a destant one. The President agrees with the Genl Asst Commr and recommends that the objection raised by the inhabitants of Suranhalli may be over-ruled and the village included within the limits of the Hole-Narsipur Municipality.

Submitted for orders The only reason for which the village of Suranahalli is sought to be included within municipal limits is that it is left out, there will be

facilities for ~~the~~ smuggling dutiable articles - As already held in other cases of a similar nature, this cannot be considered sufficient to include a distant village occupied by agriculturists within municipal limits and subject them to the burden of municipal taxation - The President may be requested to exclude that village and send up a revised proclamation

I agree to the inclusion of Surankalle in the Municipal area & this not more distant from Hole Narsipur town than certain other villages already included in that area - See the Map

Sir,

Adverting to Government Proceedings

No. 537 dated 17th July 1908, approving of 3

Pub. 537-9-07-4

the proposal to constitute the town of Hole-

-narsipur into a permanent Municipality

under the new Municipal Regulations, and

requesting that the revised proclamations

might be published in the Mysore Gazette

and needful actions might be taken

under section 8 of the Regulations, I have the honour to state that the proclamations were published at pages 1002 and 1003 of part II of the Mysore Gazette of 6th August 1908, and copies of the proclamations in English and Kannada were forwarded to the Vice President of the Hole'-narsipur Municipality, for having them posted up at conspicuous places in the town with a view to enable any objection against the said proposal being preferred to the Deputy Commissioner, within two months from the date of the said proclamation

2 On publication of the proclamation, some of the inhabitants of Suranha a village situated within a mile of Hole'-narsipur town raised objection against the proposal to include their village within the limits of the new Municipality, on the score that the village is separated from the town by the South Channel of the Sea Ramadeo

and also by day and such lands under cultivation; adding that there was no trade in Cotton saleable articles in their village, since they are all agri-culturists On these grounds they prayed that Surankally be excluded from the Municipal limits of Hole-narsipur town

3. The matter was referred to the Assistant Commissioner for enquiry and report with his opinion concerning the objections and whether or not it is necessary to include the said village within the new Municipal limits Flag X

4. Thereupon the Assistant Commissioner, during the course of his Jamabandy made needful enquiries into the matter and also inspected the village The villagers there also raised the same objections But considering that

Suranhally is very close to the [illegible] the General Assistant Commissioner has expressed his opinion, that if the village be not included within the Municipal limits, there will undoubtedly be room for evasion of octroi duty, and therefore recommends inclusion of this village within the new Municipal boundary

Flag W

5 The Municipal Board of Kolar-narsipur support the same opinion A copy of the resolution is herein enclosed

Phaseh 31 on the VP enclosed

I concur in the opinion expressed by the General Assistant Commissioner and the Municipal Board to include Suranha within the new Municipal limits of Ko-narsipur so that the Sanitation of village may be improved and prop controlled and evasion of octroi prevented

6 Under the above circumstan I submit that the objection raised

by the villagers of Suranhally may be over-ruled, and the final notification, the draft of which is hereunto submitted (in English and Kannada), may be kindly caused to be published in the Mysore Gazette

7 The file of vernacular papers ending with Hole'-narsipur Amildar's report No 463 dated 18th Ultimo is hereunto submitted for reference and favour of return

I have the honour to be,
